## Beschreibung

CC Search searches in over 300 million images. It aggregates the results found in various public repositories into a single catalogue and facilitates reuse.

The screenshot shows the Creative Commons Search interface. On the left, there are filter options: 'FILTER RESULTS BY' (Use, License or Public Domain, Source), 'Hide filters', and a search bar containing 'lily of the valley'. On the right, there is a large orange 'SEARCH' button. Below the search bar, three images of lilies of the valley are displayed. To the left of these images is a vertical sidebar with additional filter options: 'Use' (checkboxes for 'Use commercially' and 'Modify or adapt'), 'License or Public Domain' (checkboxes for CC0, Public Domain Mark, CC BY, CC BY-SA, CC BY-NC, CC BY-NC-ND, CC BY-NC-SA, and CC BY-NC-ND), and 'Source' (checkboxes for Animal Diversity Web and Biodiversity Heritage Library). Below the sidebar, there are two more rows of images, each consisting of three smaller images related to lilies of the valley.

It is important to note that CC does not check whether images are properly [licensed under CC](#), so it is advisable to check the status of the licence before reusing content.
