Description

CC Search searches in over 300 million images. It aggregates the results found in various public repositories into a single catalogue and facilitates reuse.

The screenshot displays the Creative Commons Search interface. At the top, there is a search bar with the text "lily of the valley" and a "SEARCH" button. Below the search bar, there are several image thumbnails. On the left side, there is a "FILTER RESULTS BY" section with a "Hide filters" link. This section is divided into three categories: "Use", "License or Public Domain", and "Source".

- Use:** Includes checkboxes for "Use commercially" and "Modify or adapt".
- License or Public Domain:** Includes checkboxes for various Creative Commons licenses: CC0, Public Domain Mark, BY (checked), BY-SA, BY-NC, BY-ND, BY-NC-SA, and BY-NC-ND. Each license has a corresponding icon and a question mark.
- Source:** Includes checkboxes for "Animal Diversity Web" and "Biodiversity Heritage Library".

The image thumbnails show various depictions of lily of the valley flowers, including a close-up of a white flower with a spider, a bouquet of white flowers, and a close-up of a white flower with a red spider.

It is important to note that CC does not check whether images are properly [licensed under CC](#), so it is advisable to check the status of the licence before reusing content.
