Description

CC Search searches in over 300 million images. It aggregates the results found in various public repositories into a single catalogue and facilitates reuse.

The screenshot displays the Creative Commons Search interface. At the top, there is a search bar containing the text "lily of the valley" and a red "SEARCH" button. Below the search bar, there are three image thumbnails: a pearl necklace, a bouquet of lily of the valley flowers, and a close-up of lily of the valley flowers. On the left side, there is a "FILTER RESULTS BY" section with a "Hide filters" link. Under "Use", there are two checkboxes: "Use commercially" and "Modify or adapt". Under "License or Public Domain", there are several options with icons: CC0, Public Domain Mark, BY (checked), BY-SA, BY-NC, BY-ND, BY-NC-SA, and BY-NC-ND. Under "Source", there are two checkboxes: "Animal Diversity Web" and "Biodiversity Heritage Library". At the bottom of the image thumbnails, there is a caption "White Spider On a Lily of the Valley" and a Creative Commons license icon (CC BY-NC-SA).

It is important to note that CC does not check whether images are properly [licensed under CC](#), so it is advisable to check the status of the licence before reusing content.
