### Short summary

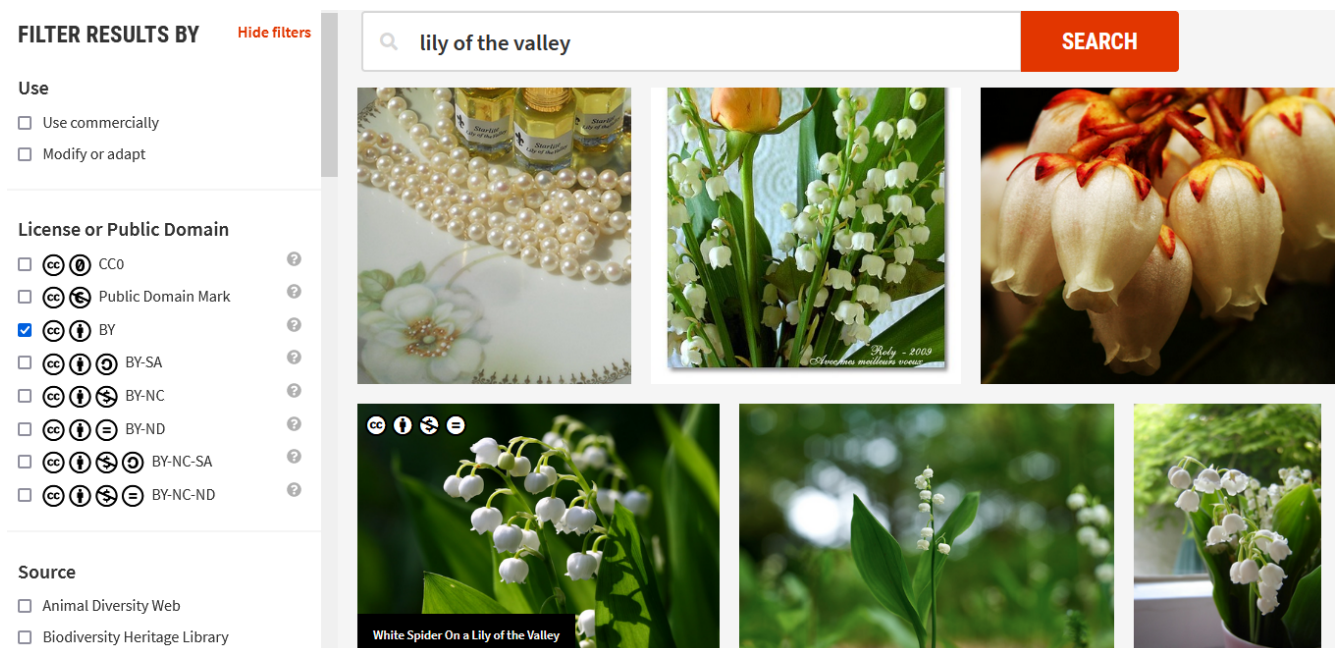

Public domain, open licence images.

### Link

<https://search.creativecommons.org/>

### Description

CC Search searches in over 300 million images. It aggregates the results found in various public repositories into a single catalogue and facilitates reuse.

The screenshot displays the Creative Commons Search interface. At the top, there is a search bar containing the text "lily of the valley" and a red "SEARCH" button. Below the search bar, there are several image thumbnails. On the left side, there is a filter panel titled "FILTER RESULTS BY" with a "Hide filters" link. The filter panel is divided into three sections: "Use", "License or Public Domain", and "Source".

- Use:** Two checkboxes are present: "Use commercially" (unchecked) and "Modify or adapt" (unchecked).
- License or Public Domain:** A list of license options with checkboxes and icons: CC0 (unchecked), Public Domain Mark (unchecked), BY (checked), BY-SA (unchecked), BY-NC (unchecked), BY-ND (unchecked), BY-NC-SA (unchecked), and BY-NC-ND (unchecked). Each option has a question mark icon to its right.
- Source:** Two checkboxes are present: "Animal Diversity Web" (unchecked) and "Biodiversity Heritage Library" (unchecked).

The search results show a grid of images. The top row includes a necklace with pearls and a white lily of the valley flower, a bouquet of lily of the valley flowers, and a close-up of a lily of the valley flower. The bottom row includes a close-up of a lily of the valley flower with a white spider on it (captioned "White Spider On a Lily of the Valley"), another close-up of a lily of the valley flower, and a lily of the valley flower in a pot.

It is important to note that CC does not check whether images are properly [licensed under CC](#), so it is advisable to check the status of the licence before reusing content.
