Descrizione

After installing the application, focus the camera on the maths problem you want to solve. The result and even the process of the solution is displayed.

Make sure that the problem you want to solve is clearly visible/readable.

Vantaggi

- in most cases it recognizes handwriting as well
- displays graphs of functions
- shows the steps leading to the result

Svantaggi

- for equations, formulas, functions it is uiseful, but it does not help with word problems

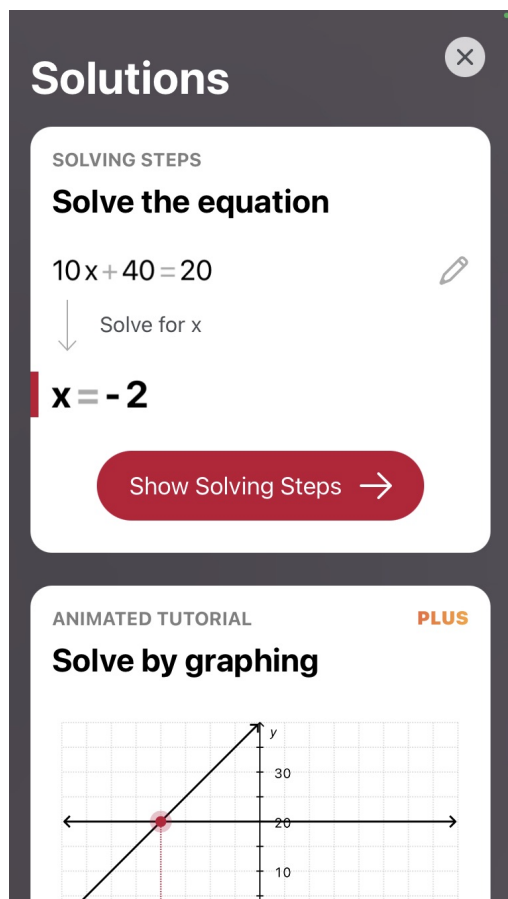

Utilizzo per l'insegnamento/apprendimento

It is recommended primarily as a tool for checking results after we have already solved the problem ourselves.

Can be used for checking math homework, understanding the steps of the solution.
