## Description

CC Search searches in over 300 million images. It aggregates the results found in various public repositories into a single catalogue and facilitates reuse.

The screenshot displays the CC Search interface. At the top, there is a search bar with the text 'lily of the valley' and a red 'SEARCH' button. Below the search bar, there are several image thumbnails. On the left side, there is a 'FILTER RESULTS BY' section with a 'Hide filters' link. This section is divided into three categories: 'Use', 'License or Public Domain', and 'Source'. Under 'Use', there are two options: 'Use commercially' and 'Modify or adapt', both with checkboxes. Under 'License or Public Domain', there are eight options with checkboxes and icons: 'CC0', 'Public Domain Mark', 'CC BY' (which is selected), 'CC BY-SA', 'CC BY-NC', 'CC BY-ND', 'CC BY-NC-SA', and 'CC BY-NC-ND'. Under 'Source', there are two options: 'Animal Diversity Web' and 'Biodiversity Heritage Library', both with checkboxes. The image thumbnails include a pearl necklace, a bouquet of lily of the valley flowers, a close-up of lily of the valley flowers, a white spider on a lily of the valley flower, and a potted lily of the valley plant.

It is important to note that CC does not check whether images are properly [licensed under CC](#), so it is advisable to check the status of the licence before reusing content.
